DETAILED ACTION

Claims 1-15 are currently pending in the instant application.

I. *Response to Arguments/Remarks*

Applicants' amendments, filed on September 4, 2007, have overcome the following rejection and objection(s): the rejection of claims 1-15 as being indefinite; the objection of claims 1-4, 7-11, 14 and 15 for informalities and the objection to the abstract. The above rejection and objections are withdrawn.

II. *Rejection(s)*

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites the limitation "distilling the organic solvent...." in step (x) of claim 1. The term "organic solvent" is not mentioned previously in claim 1 and it is unclear what "organic solvent" Applicants are referring to in the claim. There is insufficient antecedent basis for this limitation in the claim.
